

## **REMARKS**

This is a divisional application of U.S. Serial No. 09/227,725, filed January 8, 1999. Claims 7-23 are pending in this application. Claims 1-6 have been cancelled; these claims were examined in the parent application. No new matter has been added by way of this amendment.

### **Request for Transfer of Previously Filed Computer-Readable Form of Sequence Listing and Statement Under 37 C.F.R. 1.821(e)**

With this preliminary amendment, the Sequence Listing contained at pages 33 to 36 of the application has been replaced by the Substitute Sequence Listing enclosed herewith at Tab 1.

The paper copy of the Substitute Sequence Listing in the application filed herewith is identical to the computer-readable copy of the Sequence Listing filed in application Serial No. 09/227,725, filed January 8, 1999. In accordance with 37 C.F.R. 1.821(e), please use the last-filed computer-readable form filed on February 26, 2001 in that application as the computer-readable form for the instant application. It is understood that the Patent and Trademark Office will make the necessary change in application number and filing date for the instant application (MPEP 2422.05).

Pursuant to 37 C.F.R. § 1.821, Applicants hereby confirm that the contents of the paper copy of the Substitute Sequence Listing filed herewith and entitled "SEQUENCE LISTING", and of the identically labeled diskette filed on February 26, 2001 in U.S.S.N. 09/227,725, specifically the ASCII-encoded file therein labeled "Seqlist.txt", are identical. This sequence submission contains no new matter.

Entry of this preliminary amendment, and early and favorable consideration of the application, are respectfully requested.

Respectfully submitted,

Paul F. Fehlner, Ph.D.
